

Forth Valley ADPs

All You Need To Know About New Psychoactive Substances

Aim

The course aims to provide participants with up-to-date information about the latest trends in New Psychoactive Substances (NPS).

Overview

The course will cover the different drug categories and how they relate to various NPS, the key effects and side-effects of the most prevalent substances in use, and how to effectively engage with people who use NPS. It will also provide an opportunity to discuss the impact of NPS in your own area of work and the issues NPS can cause.

Learning Outcomes

By the end of the course, participants will be able to:

- Identify the impact of new psychoactive substances in their workplace.
- Name the seven categories of drugs which apply to NPS and describe their key effects.
- Recall current and emerging trends in NPS use.
- Give an overview of key substances in use.
- Identify treatment options.
- Recall effective techniques and strategies to work with users, including harm reduction.

Date: 15 November 2018

Venue: Signpost Recovery, Cooperage Way, Alloa FK10 3LP.

Training will run from 9.30am - 4.30pm.
